

**MURDERS MEN
WITH HATCHET**

A Mysterious Criminal Is at Large in Muskogee, Oklahoma

**SLAYINGS FOLLOW
IN CLOSE ORDER**

Two Prominent Business Men Were the Victims

Muskogee, Okla., Nov. 29.—A mysterious murderer, who chops his victims to death with a hatchet, has made his appearance, and already he has slain two aged business men and left no clues. B. F. Richardson, a furniture dealer, was murdered at his place of business on Thursday, and last night C. S. Everett, a grocerman nearby, was killed. Both the victims were killed with hatchets and the heads and the bodies were mutilated.

**NAVY FAVORED
IN TO-DAY'S GAME**

Pres. Wilson and Party Planned to Spend One-half of Game on Each Side of the Field.

New York, Nov. 29.—Rain was officially forecasted for this afternoon when the annual football game between the Army and the Navy will be played on the Polo grounds. Some rain fell during the night but not enough to hurt the straw-covered field, and only a downpour at the last moment could make the playing conditions intolerable. Provision was made for 42,000 spectators and nearly every ticket has been sold.

President Wilson and two daughters are here to attend the game. They planned to witness one-half of the game from the Army side and the other half from the Navy side.

The betting odds favored the Navy and considerable money was being placed at two to one. The Navy, clothed in gold lace, and the Army, clothed in everyday clothes, were in readiness to provide circus features as a side show to the gridiron battle.

**NO SPEECHES TO MAKE.
All President Has to Do Is to Watch the Game.**

New York, Nov. 29.—President Wilson and his party arrived here shortly before 7 last night, their train getting in more than half an hour late. The president's visit is in response to the invitation to attend the Army-Navy football game at the Polo grounds this afternoon. It was the first time in recent weeks that he has been asked to attend a public occasion that is a qualifying suggestion was not appended that a speech by him would be desirable. Consequently Mr. Wilson on this visit came for amusement alone. He will have nothing to do except watch the football contest.

**\$57,000,000 DIAMOND
IMPORTATIONS**

Highest Record Ever Known in United States, According to Department of Commerce.

Washington, D. C., Nov. 29.—Diamond imports into the United States made their highest record in the calendar year 1913. The value of diamonds and other precious stones imported during the current year will approximate \$57,000,000, this being the first occasion on which the sum has crossed the \$50,000,000 line. Twenty years ago, according to the official figures of the bureau of foreign and domestic commerce, department of commerce, the total imports of diamonds and other precious stones were but \$11,000,000, in 1903 \$28,000,000, and in 1912, approximately \$57,000,000, this estimate being based upon the known figures for the nine months ended with September, which are 30 per cent in excess of the highest record heretofore made. These totals necessarily include imitations of precious stones, which now form about two per cent of the total, but were not separately shown prior to 1912.

AMMUNITION IN THE COAL.

Ten Thousand Rounds Found Hidden in Steamer.

New York, Nov. 29.—Ten thousand rounds of rifle and revolver ammunition were seized by customs inspectors yesterday afternoon aboard the steamer Seminoles, lying at her pier. The Seminoles is bound for Haiti and San Domingo.

The confiscated ammunition was hidden in many different parts of the vessel. The Seminoles' officers said they did not know of its presence. They placed the responsibility on members of the ship's crew.

The aid on the Seminoles was made by order of Nelson A. Henry, surveyor of the port, after the ship's manifest was taken. This record failed to state that the ammunition was on board in violation of the customs laws and also of the passenger laws, as the Seminoles is a passenger carrying vessel.

Some of the ammunition, valued in all at \$2,500, was found under the coal in the bunkers and some in the boilers of the unused donkey engine and in mating covered ventilators. In the coal were discovered six automatic revolvers of latest design worth \$50 each.

The customs authorities began an investigation to find the persons responsible for the shipment and for whom it was designed. The ammunition was taken to New Jersey to be destroyed and the revolvers to the customs house.

**MORE TEXTILE MILLS
MAKE CONCESSION**

Reduction of Two Hours in Work Day for Firemen Without Decrease of Pay at Lawrence.

Lawrence, Mass., Nov. 29.—The strike of stationary firemen in the textile mills of the city moved nearer the end last night, when the men reached agreements with two of the smaller mills. This makes a total of seven mills which have granted concessions to the strikers. The settlements are on a basis of 10 hours work daily without reduction of pay. The firemen have been working 12 hours and demanded the institution of an eight-hour day.

The mills which have signed agreements are the four American Woolen company plants, Wood, Ayer, Washington and Prospect, the Uswool mills, the Lawrence dye works and the Plymouth mills.

**TWO IMPORTANT MATTERS
To Come Before the National American Woman Suffrage Association.**

Washington, D. C., Nov. 29.—Financial affairs of the National American Woman Suffrage association form the chief topic of discussion at the 45th annual convention of the association which began here to-day in connection with the sessions of the National College Woman's Suffrage association and the suffrage school to be conducted by the Congressional union.

The association's financial affairs will be brought formally to the attention of the convention on Tuesday, when a committee will present an amendment to the constitution to provide an additional tax upon the budgets of the constituent organizations. The members of these organizations already are taxed 10 cents annually for the support of the national body.

Most of the 500 accredited delegates to the convention have arrived. Many alternates are here to attend. It is estimated more than 1,000 accredited delegates and alternates will attend the sessions.

The formal meetings of the convention will not begin until Monday. Addresses of welcome and the responses are to be followed by a celebration of the suffrage victory in Illinois. Then will come an address on the federal suffrage amendment and the annual address of the association's president, Dr. Anna Howard Shaw.

The first real business session begins Tuesday morning with the presentation of the report of the committee that framed the financial amendment to the association's constitution. Already there have been expressed a variety of opinions on the advisability of adopting the amendment, especially among the membership of the larger state organizations and the great independent bodies which only within the last year or two finally became affiliated with the national association.

The independent bodies contend that as they are large and collect large sums for the advancement of the suffrage cause, their tax for the support of the national body will be out of proportion. On the other hand the national officers contend that the new financial scheme is made necessary if the national body is to push forward the campaign for universal suffrage in this country. They declare that the 10 cents a member tax is not commensurate with the dignity of the national body nor the cause that it represents.

The independent bodies are powerful, but according to the national officers, their activities heretofore have been directed toward advancing the cause in their respective localities. One of these is the Congressional union of Washington, organized for the advancement of the federal constitutional amendment through Congress. Another is the Woman's Political Union of New York. Both have large budgets and under the proposed new fiscal plan they would be taxed heavily to support the national organization.

Another subject to be fought out on the floor of the convention will be the removal of the national headquarters from New York to Washington. The question, however, is one that arises at each annual convention and therefore will not commend the attention given to the finance amendment. Washington suffragists are planning a campaign to regain the headquarters.

**UNION CHIEFS IN IRISH CAPITAL.
Invade Enemy's Country in the Campaign Against Home Rule Bill.**

Dublin, Nov. 29.—The Unionist party yesterday carried the war into the enemy's territory when Andrew B. Law, leader of the opposition in the House of Commons, Sir Edward Carson, leader of the Irish Unionists, and other prominent men arrived to deliver in the Irish capital a series of speeches on home rule.

In reply to the deputation which welcomed him, Mr. Law reiterated that the Unionists had opposed consistently and completely the whole idea of the separation of the United Kingdom, and insisted that the government must seek the sanction of the people before attempting to make the change.

During a speech in the afternoon before the Unionist association, Mr. Law said Premier Asquith's speech of the preceding day seemed to him a complete acceptance of the orders of John Redmond, leader of the Irish Nationalists, for "full steam ahead," and if that were so the difficulties of the Unionist party would be gone.

Suffragettes attempted to reach Mr. Law as he was driving afterward to the residence of Lord Iveagh. They bombarded him with pamphlets. Mrs. Skeffington and Mrs. Connery, the leaders of the suffragettes of Dublin, were arrested and charged with obstructing the police.

BUSH EXONERATED.

Athletics' Pitcher Had Run Down Man By Automobile.

Brainerd, Minn., Nov. 29.—After deliberating less than 10 minutes, a coroner's jury last night exonerated Leslie Bush, the Philadelphia American league pitcher, from all blame in connection with the death of Louis T. Miller, who was struck and killed by Bush's automobile.

"Miller's death was unavoidable, purely accidental, and no blame is attached to Bush," read the verdict.

Artie Hoffman, the former Cub, will play first base for San Francisco this coming season.

**DEBRIS HURLED
AMONG CROWD**

By Successive Explosions in a Grand Rapids, Mich., Fire

**OVER A SCORE HURT,
AND SOME MISSING**

The Fire Started in Building Which Contained Hardware Store

Grand Rapids, Mich., Nov. 29.—More than a score of spectators and a dozen firemen were hurt or bruised and cut by flying debris when a quantity of dynamite, powder and gasoline exploded in a burning building in the eastern business section of this city early to-day. Several women and children were missed after the explosion, and until the ruins are cooled sufficiently to permit a search it could not be learned whether there had been loss of life.

More than 40 men, women and children occupied rooms in the second story of the burned building and there was a hardware store beneath them. The force of the explosion tore the structure to bits and scattered the debris over four city blocks.

The flames spread with great rapidity to other buildings, and the occupants of the upper floors of them were thrown into a panic. In the wild rush for safety women and children were trampled upon and others who had fainted were carried out by firemen. None had time to dress, and those who escaped were exposed to the cold and were drenched with rain.

The monetary loss probably will exceed \$200,000. The cause of the fire has not been determined.

**MORE RIOTING
IN ALSACE TOWN**

Citizens Resist Action of Some of the Germany Army Officers Stationed Among Them.

Zaborn, Alsace, Germany, Nov. 29.—Further riots occurred here last night, being caused by the indignation of the townspeople against the German army officers, some of whom recently publicly insulted citizens. Many arrests have been made and the disturbance was so violent that at one period troops were ordered out to clear the main street at the point of the town. Several civilian officials were among those taken into custody.

MODIFY BOND TAXATION.

U. S. Treasury Department Issues New Instructions.

Washington, D. C., Nov. 29.—Instructions were issued by the treasury department last night to collectors of internal revenue modifying the regulations governing the collection of the income tax on bonds and other similar obligations. Bankers or other collecting agents are now authorized to attach to interest coupons presented for collection their own certificates instead of certificates of ownership signed by the owners, as originally required. This change is made to meet widespread complaint from bankers and brokers that attaching the owner's certificate would give undesirable publicity in the business world to the bond owners' names. Under the new order the collecting agent is required to send the original certificate to the treasury department and to use a blank prescribed by the department for the substitute.

Other modifications issued last night extend until March 31, 1914, the requirement that the number of bonds from which interest coupons are detached be filled in, and extend until January 15, 1914, the time for the use of a form prescribed for foreign holders of coupons or interest orders. There has been complaint that foreigners would not have time to prepare themselves for compliance with the law.

Banks Making a Mistake.

Washington, D. C., Nov. 29.—Secretary McAdoo issued a statement last night declaring that banks throughout the country reported to him that they were in order to meet the provisions of the expected currency law are making a mistake. He announced that the resources of the treasury will be at the disposal of the banks to aid them in complying with the new law when it is put on the statute books.

OBJECTIONABLE LITERATURE.

High Priest of Mazdaznan Cult Convicted at Chicago.

Chicago, Nov. 29.—Ottoman Zar Adusht Hanish, high priest of Mazdaznan and leader of the Mazdaznan cult of sun worshippers, said to number about 14,000 in different cities, was found guilty by a federal jury here yesterday of sending objectionable literature by express in violation of the interstate commerce laws. He may be sentenced to five years' imprisonment or be fined \$5,000, or both.

The verdict brands as unfit for circulation the textbook of the cult. The book was read to the jury and almost no other evidence was offered by either side. The book prescribes sun baths and herb remedies, but its striking feature, and that objected to by the government, was a treatise on sex relations.

Hanish was trapped by Dana Angier, a postal inspector, who wrote from Brookfield, Mo., asking for a copy of the textbook, giving the fictitious name of "Julia B. Gardner." Hanish sent the book by express to avoid conflict with postal regulations.

Hanish is at liberty under his original bond of \$10,000. Hearing of motions and sentence by Judge Mack will take place on his return from New York next week. The verdict was read to Judge Carpenter.

**AUTO'S OVERTURN
INJURES THREE**

One Irasburg Resident Is Said to Be in Serious Condition—Steering-gear of Machine Went Wrong.

Newport, Nov. 29.—Three men were seriously injured in an automobile accident on the Coventry road opposite the residence of Mrs. E. N. Clark. William Fuller and D. A. Brahana, in company with Sheriff E. J. Hill and R. N. Baldwin, had just returned from Massillon, P. O., where they had been to get Peter Phillips, who is charged with an assault upon Edward Miles of Walden.

After leaving their prisoner at Newport, Baldwin, Brahana and Fuller started for their homes in Irasburg. They had gone only a short distance when the steering gear broke and the machine ran off a bank about five feet in height, throwing the occupants out and turning over several times.

Baldwin suffered a broken leg. Fuller was found to have some fractured ribs while Brahana was rendered unconscious by the crushing in of the outer wall of his skull.

The men were taken to the Hotel Raymond where they received medical aid. Baldwin showed good courage in standing on his good leg and insisting on attending being given to his companions first. Brahana is in a very serious condition.

**FULL AGREEMENT
AT SCHENECTADY**

Strike at General Electric Co.'s Plant to Come to an End as Result of Conference To-day.

Schenectady, N. Y., Nov. 29.—The strike among the employees of the General Electric company was settled to-day, an agreement having been reached by the conference shortly before 11 o'clock.

Early in the day there was a general feeling that the labor troubles would be settled before nightfall, and as a result the city took on a holiday appearance. This view was taken because of the reports which leaked out from the meetings yesterday and last night between Mayor Lunn, the company representatives and the leaders of the unions. It was generally understood that the day they had agreed to the strikers returning to work on part time and the reinstatement of the union leaders Frank Dujay and Mabel Leslie, unless it was proven that their work was poor. Another meeting was arranged to make the final details to-day.

DEATH AT WAITSFIELD.

Mrs. Arletta Downer Died Wednesday After Long Illness.

Waitsfield, Nov. 29.—The funeral of Mrs. Arletta Downer was held at the home of her son, Reuben Downer, yesterday. Mrs. Downer had been suffering for several years with a cancer, and she died on Wednesday.

Arletta Parsons Johnson was born in Milford, Conn., Jan. 8, 1850, and married Henry Burns Downer June 19, 1874, in New York City. She is survived by one son, Reuben, and one grandson, John B. Downer.

The funeral was held at 2 o'clock, Rev. C. M. Redstone, pastor of the Methodist church, officiating. Interment was in the Irasburg cemetery. The bearers were: George Buzzell, Reuben Downer and Leslie Dumas.

STATE GRANGE PROGRAM.

Patrons of Husbandry Will Meet in Rutland December 9 to 11.

Rutland, Nov. 29.—The 45th session of the Vermont state grange, Patrons of Husbandry, will be held here at Shriners' temple, on Tuesday, Wednesday and Thursday, December 9, 10, and 11. The following program will be carried out:

Tuesday, December 9, 11:00 a. m.—Opening grange in fifth degree; appointment of standing committee; report of the executive committee on home economy; 1:30 p. m., annual addresses of worthy masters; reports of officers; introduction of resolutions without debate; reports of deputies; 8:00 p. m., exemplification of the third and fourth degrees, by Middlebury grange, No. 315.

Wednesday, December 10, 9:30 p. m.—Report of committee on credentials; report of committee on division of labor; introduction of resolutions; election of two members of the executive committee; unfinished business; suggestions for the good of the order; 10:00 a. m., the lecturer's conference will take place in the room upstairs; 1:30 p. m., E. H. Hallett, lecturer in charge, speaks. Richard Pattee, master of New Hampshire state grange, Thomas Bradlee, director of the extension service, and Governor Fletcher; 8:00 p. m., grange opened in the sixth degree and conferring the same; grange opened in the fourth degree; reports of committees on mileage, finance and education.

Thursday, December 11.—Reports of committees on resolutions, good of the order, co-operation, transportation, publication, agriculture, amendments and by-laws, claims and grievances, dormant granges, trials and appeals, unfinished business, transaction of all other necessary business.

WRECK AT BELLOWS FALLS.

Locomotive Runs Off at Switch Beside Station.

Bellows Falls, Nov. 29.—The locomotive on an extra freight jumped the rails at the end of the station platform yesterday at 9:30 a. m. and blocked traffic on the Connecticut and Passumpsic division of the Boston & Maine until 1:45 in the afternoon.

The machine left the rails at a switch and struck the platform at an angle. The platform was smashed for several yards.

Pasquale Sonato, a trackman, who stood on the platform, was thrown in the air when the boards rose suddenly at that end. He landed on his feet and ran down the track about 100 yards before he looked behind and saw that the locomotive was not at his heels.

Trains were sent by way of Keene and South Vernon and passengers for the north were put on a train made up at the Bellows Falls yard.

Weather Forecast.

Unsettled to-night and Sunday; probably snow or sleet tomorrow; light to moderate east and southeast winds.

**GIRL FAINTED
WHEN ROBBED**

And Cornelius Doremus Was Beaten Over the Head by Three Men

**ROBBERS SECURED
\$2,000 IN LOOT**

Daring Hold-Up of Automobile Party on a New York Road

New York, Nov. 29.—Three robbers effected a daring and profitable holdup of an automobile party early to-day, taking money and jewelry amounting to over \$2,000 from Cornelius Doremus, president of the Germania Life Insurance company, a young woman companion and Joseph Leary, the chauffeur of the car.

Masked men jumped from the underbrush beside Pelham Park roadway and brought the machine to a stop by threatening to use revolvers. Mr. Doremus was beaten over the head and forced to hand over his watch and money. The young woman in the automobile fainted as the robbers took two rings from her fingers. The chauffeur also was relieved of what money he had.

The robbers then darted back into the underbrush, and when the police reached the scene they had disappeared. It is believed that the bandits had an automobile awaiting them at a crossroad.

**A CENTRAL FIGURE
IN WILL CASE DEAD**

William C. Russell Passed Away at Melrose, Mass., To-day, Leaving Two Claimants To His Father's Estate.

Melrose, Mass., Nov. 29.—William C. Russell, son of the late Daniel Russell and one of the central figures in the famous Russell will case, died to-day, aged about 65 years. He had supposed himself the sole heir to the \$500,000 estate of his father until about four years ago when a man from Dickinson, N. D., known as "Dakota Dan," claimed a portion on the allegation that he was the long missing son of the testator, Daniel Blake Russell.

Later a man from Fresno, Cal., who became known as "Fresno Dan," appeared and was recognized by the family as the missing heir. A few weeks ago the courts for the second time declared "Dakota Dan" an impostor of French-Canadian parentage. An appeal was taken and the case is still in the courts.

WILEY NOT A CANDIDATE.

Position of Health Commissioner of New York City Not Offered Him.

Washington, D. C., Nov. 29.—"I could not accept the position of health commissioner of New York City unless it were offered me," said Dr. Wiley, former government pure food chief, last night in discussing reports that he was considering taking this place.

"Up to the present time," he added, "I haven't even had an intimation that the position would be offered me."

Dr. Wiley returned last night from his Virginia farm where he spent Thanksgiving. He said he had received hundreds of letters from influential friends in various parts of the country, particularly in New York, Philadelphia and Boston, urging him to become a candidate for the New York job.

"I am not a candidate in any sense of the word," the doctor said, "because I am not hankering for a job of that kind. The only ground upon which I would accept the position would be through a sense of public duty."

Dr. Wiley deprecated the idea of a man being forced upon Mayor-elect Mitchell as a member of his cabinet. "He ought to be free to choose the man he wants," Dr. Wiley declared.

HORSES SAVE DRIVER'S LIFE.

Drag Keene Man from Front of Flying Train—Wagon Is Demolished.

Keene, N. H., Nov. 29.—Perley Champney miraculously escaped being killed last night when the "flyer" for Boston struck the team he was driving at the Island street crossing. The train was within half a mile of the station but was going at a fast rate. The accident occurred just after dark. Champney was thrown against a telephone pole. The horses were uninjured.

The team was owned by George E. Newman, and Mr. Champney had just unloaded his lumber and about to return home. It was thought the driver was watching a switcher down in the yard when the train coming from the opposite direction struck the wagon.

The cowatcher struck in front of the rear wheels and tore the rear of the wagon from the front wheels and carried it 100 yards down the track. Champney clung to the reins, and when the impact came the horses jumped, pulling him away from the front of the engine. Champney received many bruises, but none appear to be serious.

DROPS ABDUCTION CASE.

Lois Piper Investigator Thinks Nothing Further Will Be Done.

Portland, Me., Nov. 29.—United States District Attorney Robert T. Whitehouse had an interview last night with F. T. Schmidt of Boston, who has been investigating the alleged abduction of Lois Piper of Fairfield.

Mr. Whitehouse said that he had only had a partial report from Mr. Schmidt, but from what he had learned he believed that nothing further would be done in the case by his office.

**GREAT MORTALITY
AMONG HUNTERS**

In Wisconsin 22 Have Been Killed and 23 Injured in Season Which Will Close To-morrow.

Milwaukee, Wis., Nov. 29.—This year's death roll among deer hunters in this state is the largest ever recorded. The accidents reported up to to-day resulted in the deaths of 22 hunters and the injury to 23. The season will close to-morrow.

NEAR END OF HUNTING.

Open Season Closes Monday Night, According to General Opinion.

Among the men who have set their hearts on getting a deer before the curtain on the 1913 season rings down there has developed a considerable discussion as to just when the season officially closes. There are those who contend that deer may be legally shot only until 5 o'clock this afternoon, while others argue that the statutory limitation is fixed at 5 o'clock Monday afternoon. A glance at section 13 of the fish and game laws seems to dispose of the question quite effectively. Under the caption, "Open Season," the section reads as follows: "Wild deer having horns not less than three inches in length may be captured or taken from November tenth to December first after 5 a. m. and before 5 p. m., both dates inclusive, Sundays excepted."

"Both dates inclusive," the statute says, it will be noted. Therefore it may be reasonably argued that hunters have until 5 o'clock Monday afternoon to pursue their quarry. Authorities at city hall and unofficial legal opinions gathered to-day unanimously confirm this interpretation.

Last night's snowfall had bolstered the waning hopes of unsuccessful hunters and many who had given up the idea of bringing down a buck this year were seen leaving for the woods this morning. In the main, the season now closing has been a discouraging one. It is not expected that the total number of deer shot in 1913 will anywhere near approximate the totals of other years, when the returns are all in. Proportionately, only a few local hunters have brought in any game this year.

JUDGE SHERMAN 79.

Passes Birthday at His Farm in West Windsor.

Windsor, Nov. 29.—Judge Edgar Sherman passed his 79th birthday yesterday at his farm in West Windsor and received a number of congratulatory telegrams as well as messages by mail.

He said he and his wife are enjoying good health, and that they will pass the winter at the old farm, near the scene of the judge's childhood days. He was born in the town of Weathersfield, which joins the township of West Windsor.

Mrs. Henry P. Newcomb of Methuen, Mass., a daughter of Judge Sherman, was at the home farm of her parents yesterday, and another guest was Mrs. George A. Taylor, a niece, also of Methuen. Judge Sherman has one of the prettiest farms in this part of the Connecticut valley. The house is of brick and is well set up from the road.

**SPECTACULAR CHASE
ENDS AT JAIL**

"Gypsy" Phillips, Who Is Wanted on Charge of Attacking Ernest Miles of Walden, Was Captured.

St. Johnsbury, Nov. 29.—"Gypsy" Phillips, wanted for assaulting Ernest Miles of Walden and trailed for a week by a posse of deputies across two counties and into the province of Quebec, is safe in Caledonia county jail. He was caught Thursday night on a road near Massville, P. Q., lodged in a rooming house, and yesterday brought to St. Johnsbury by Sheriff W. H. Worthen. Though accustomed to the woods, Phillips was worn out by his week's flight.

Cold and hungry, he offered little resistance. He had traded his revolver for an overcoat and pair of rubbers, but aside from that will say little to the officers. With his cap he was taken to Newbury in an automobile by D. A. Brahana and R. N. Baldwin of Irasburg.

The chase just ended was one of the most spectacular man hunts in the annals of St. Johnsbury criminal history. After he viciously assaulted Miles, Phillips, who obtained the nickname of "Gypsy" through his familiarity with the woods and his love for hunting, plunged into the depths and for a week defied his pursuers.

Posses were organized and the forest was searched far and wide. Phillips left in such haste that he wore no shoes and wandered barefooted about, depending for food upon his ability to snare small game.

He is 54 years old. His wife, a young woman of less than 25, was left destitute with six small children when he departed. The night after his escape, Phillips crawled back to his home and forced her to give him a pair of shoes. She has since lived in terror that he might return and injure her and the little ones.

Miles, his victim, has a wound in his head and other injuries that, it is believed, will cause his death.

ALLEGED ASSAILANT CAUGHT.

Peter Phillips of Walden Was Deported From Canada.

Newport, Nov. 29.—Peter Phillips, for whom sheriffs have been searching to answer to the charge of assault on Edward Miles of Walden, was arrested here Thursday as he crossed the line from Canada, whose officials deported him. He was placed in the county jail here about midnight and was taken yesterday afternoon to St. Johnsbury by Sheriff Worthen of that place. He made no resistance when apprehended.

Sheriff E. J. Hill, who has been looking for Phillips, discovered a man answering his description near Knowlton's Landing, Que., and upon investigation was convinced that it was the right man. Accordingly he arranged for his arrest with the Canadian officers and Phillips was taken to Massonville and there ordered deported.

William Westover, wanted for a year on a charge of breaking into some cottages on East Barre, was captured by Sheriff Ladd of Holland and brought to the county jail here. Westover has been hiding in Canada for a year, but crossed the border for Thanksgiving day and was promptly arrested.

**RAILROAD HEAD
IS M'DONALD**

New Barr Chelsea R. R. Co. H. E. Folsom NAMED AS VICE-PRESIDENT

**H. E. FOLSOM NAMED
AS VICE-PRESIDENT**

This Company Is Consolidation of Barre R. R. and E. Barre & Chelsea R. R.

Stockholders of the newly consolidated Barre & Chelsea railroad held their annual meeting in the local offices of the railroad on Depot square this forenoon at 10:05 o'clock. Beyond the election of officers, but little business was transacted. Morris McDonald, the new head of the Boston & Maine lines, is the president of the road, and his election was the only change in the official slate. The following stockholders were present: J. G. Farnsworth, Montpelier; W. B. C. Stickney, Bethel; H. E. Folsom, Lyndonville, superintendent of the Passumpsic division; James W. Brock of Montpelier; W. H. Hobbs of Boston; A. B. Nichols, assistant clerk, Boston.

The officers elected by the stockholders are: President, Morris McDonald of Boston; vice president, H. E. Folsom of Lyndonville; directors, W. B. C. Stickney of Bethel; W. H. Hobbs of Boston, and James W. Brock of Montpelier.

In the last session of the legislature, the Barre railroad was authorized and given full power to acquire by purchase or lease and "to operate, or to merge or consolidate with the East Barre & Chelsea Railroad company," and by virtue of the consolidation was empowered to succeed to and have all rights, powers, privileges and franchises of the old East Barre & Chelsea road. When the act came before the general assembly it was reported in certain quarters that the consolidation had for its ultimate purpose the extension of the present quarry line from East Barre to Chelsea. So far as could be learned no steps were taken in that direction to-day.

**TRIPLE ELECTION
FOR E. C. SMITH**

Recently Elected Head of Central Vermont Railway Co. Again Elected Likewise in Various Other Companies To-day.

St. Albans, Nov. 29.—
